WELCOME

Welcome to Occupational Therapy! I work with students with identified needs through an IEP or 504 Plan.

We have fun developing our coordination, strength and movement skills. Deep breathing and laughter are incorporated into each session.

We strive for independence with school-related activities. It will be a great year!

ALL ABOUT ME

I grew up on a dairy farm in Camden, NY I live with my husband and two sons. I received my OT degree from Keuka College and my master's degree from University of Alabama at Birmingham. I love being an occupational therapist!

MY FAVORITES
